Volunteer Commitment

Our Religious Education programs (including child care and classes) depend on many volunteers. Without parent volunteers, it would not be possible to offer this depth and breadth of classes and activities. In addition to relying on parents to bring snack and help out in the child care room/classroom on those days, there is also an expectation that parents will volunteer in some other capacity during the year. This allows our programs to succeed, and it also provides meaningful opportunities for parents to help create a sense of purpose and community.

**Detailed descriptions of the various volunteer opportunities are in our brochure.
Please choose at least one volunteer commitment you are able to make from the list below.**
